[Reality SF Music] by Reality SF Music

Verse 1

Here I am, open hands
I am still listening
Bowing down, Holy ground
I'll sit with You, You'll sit with me

Pre-chorus:

In this moment I will wait for You
Breath of heaven come and fill this room
Just one word is all it takes for You
I am open, Spirit come and move

Chorus:

Your voice shapes the atmosphere - quiets all my fears
I will be right here waiting on You
Your voice changes everything - speak into my being
You are whispering - I am list'ning
